

Faculty Handbook Committee
Minutes

Date: March 26, 2007
Time: 3:00 p.m.
Place: Dolan, E244
Attendance: Bob, Marcy, Jackie, Dwight, Brenda, Klaus.

This was the thirteenth meeting of the 2006-2007 academic year.

1. The committee discussed a letter from Fr. Niehoff that referred to questions about the intent of the governance amendment. We may want to ask about clarification of these concerns when we meet with him.
2. There is a continuing question about visitors who are converted to full-time positions. We may want to ask David if the practice has been changed, as was indicated to us last semester.
3. Bob received the amendment from Fr. Niehoff concerning personnel issues. In accordance with amendment procedures we will present the proposal at the April 25 Faculty meeting.

Two concerns remain: the appeals deadline comes too late and pushes resolution of complaints into the next academic year. There is also the issue of the extended time between submitting self-evaluations and the contract date.
